In this easy read document, difficult words are in **bold**. We explain what these words mean in the sentence after they have been used.

Some words are blue and underlined. These are links which will go to another website which has more information.

Introduction

Portsmouth Safeguarding Adults Board is a group of people from different organisations in Portsmouth.

We work together to keep adults in Portsmouth safe from harm.

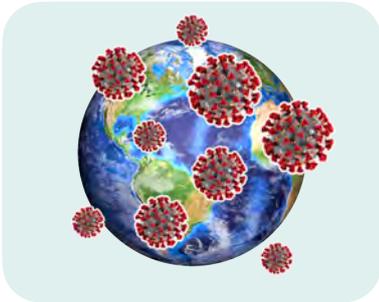

We have written a report to tell you about what work we have done in the past year.

This information is a short version of our report.

What we have done this year

Coronavirus

Coronavirus is an illness that is spreading around the world. It can affect your lungs and breathing.

We did a lot of work to keep people safe from Coronavirus this year.

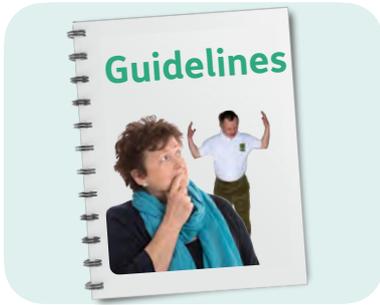

To keep people safe from Coronavirus we:

- started new ways of working - like doing meetings online.
- shared information with each other about how to keep people safe from Coronavirus.
- made sure other organisations in Portsmouth were also keeping people safe from Coronavirus.

Other work we have done

This year we have also:

- shared new guidelines about when to do something if you are worried about someone's safety.

- let more people know about our other plans and guidelines for keeping adults safe.

- created a new group that will be in charge of making sure we are doing the best work we can.

- taken part in a project about keeping people who have problems with alcohol safe.

- held a **social media** event about supporting adults and keeping them safe.

Social media is websites like Facebook, Instagram and Twitter.

Our reviews this year

When an adult with care and support needs dies or is seriously hurt we must do a review.

The people doing the review look at what was done and how they can do things better in the future.

They also look at what changes may need to be made to services.

This year we did 5 reviews.

Our plans for next year

In 2021 to 2022 we will:

- write a new plan for 2022-2023.

- come up with plans on how to keep young people who are becoming adults safe.

- share fire safety guidelines with other organisations.

- do checks on other groups and organisations to make sure they are also working to keep people safe.
